"At fifteen years old I picked up my first camera, and ever since then I can't seem to put it down. What truly lured me in (and still does) was the mesmerizing idea that no two pictures you shoot are ever the same. Every shot is unique and different! What started as a passionate hobby now has developed into so much more."

- Nick Sonsini

Live Events

Sports

Weddings

sports

At Sonsini Media we like to cover a variety of different sports. Over the past few years we have grown and expanded tremendously in the tournament Paintball Scene. In the paintball community we work with different Leagues (NPPL, NEXL, WIPS, NEPL, Foxball, ect), Fields (Fox 4, Boston Paintball, Matt Outback, ect), and Companies (Planet Eclipse, Hk Army, and Pbx3 Magazine).

This sports coverage also reaches out to most high school and college level sports.

weddings

Nothing can be more stressful then picking the right artist to shoot your special day. At Sonsini Media we cherish these moments and it is in our best interest to give your family picturesque images that can be shared for a lifetime. We have various rates and packages that can be individualized just for you.

Sonsini Media

live events

are always in focus at Sonsini Media, and Music Events reflect the perfect blend of our passion for both art forms. We recently were on location shooting The String Cheese Incident's 2013 Suwannee Hulaween in Live Oak, FL. We work with many individual artists and promoters in a wide range of venues and locations. Photos aside, we also offer projects such as promotional videos and interviews as a part of our comprehensive services.
